WHITE INVESTIGATING

Seeks Facts About Happenings in Cox and Donahay Administrations.

By The Associated Press.
COLUMBUS, O., Jan. 27.—An investigation of charges alleged to have resulted in the withdrawal of L. L. Farris as secretary of the state civil service commission under former Governor Cox is being conducted by the executive offices today.

Governor George White refrained from sending Farris' name to the senate last night at the request of the appointee and today the chief executive held conferences with several persons before taking further action.

It was said at the governor's office that C. H. Bryson of Athens, who was a member of the civil service commission when Farris was secretary, told White that irregularities had been found in the handling of the eligible lists and that Governor Cox had asked Farris to resign.

Defender Expected
Governor White said he was informed that Sam Hoskins of Columbus, another member of the commission at that time, would appear before him to defend Farris. The third member of the commission is dead.

The chief executive said he also planned to ask former Governor Donahay why he had withdrawn Farris' appointment to the board of trustees of Ohio State university, after having sent his name to the senate for confirmation.

Donahay asked for confirmation of Farris on Feb. 25, 1925 but withdrew the request on March 17, with the announcement that Farris would be unable to serve because of business reasons. Fred L. Leet of Ironton was named a trustee in Farris' stead.

FORMER PASTOR HERE IS I. O. O. F. SPEAKER

Dr. B. F. Reading Aids Lodge in Celebrating 85th Anniversary of Founding.

Odd Fellowship, its purpose and ideals was the theme of the address given by Dr. B. F. Reading, pastor of the Collinwood M. E. church, Toledo, and former pastor in Marion county, at the celebration of the eighty-fifth anniversary of the founding of Koscusko Lodge No. 48, I. O. O. F. last night in the lodge hall on North Main street.

More than 400 members and guests attended the celebration and were entertained with a program of music, talks, and sketches. Following the program refreshments were served.

Heads State Lodge
Dr. Reading's appearance in the local lodge hall was of two-fold significance as he was remembered by many of the members as a former member of the lodge organization and he is now grand master elect of the grand lodge of Ohio.

At present Dr. Reading is deputy grand master of the state organization. Following his talk Dr. Reading renewed a number of his old acquaintances. Guests included members of the lodges of the county.

NEW CABINET FORMED WITH LAVAL AT HEAD

French Ministry Announced with Many Former Tardieu Leaders Listed.

PRESENTED TO PRESIDENT
New Premier, from Ranks of Common People, Prepares for Test in Assembly.

By International News Service.
PARIS, Jan. 27.—Adhering closely to the ministerial lineup of the last Andre Tardieu government, which preceded the Theodore Steeg coalition that crashed Thursday, Sen. Pierre Laval, successfully ended 48 hours of negotiations today by forming a cabinet.

The new government includes 10 ministers who held portfolios under the Tardieu regime, with the former premier himself in the humble post of minister of agriculture.

Aristide Briand was again given an cherished office of foreign minister, while Andre Maginot was appointed to head the war ministry.

At Laval, in addition to being premier, retained for himself the important ministry of the interior. The broad Republican coalition cabinet that was hoped for and which was regarded in political quarters as the only solid promise of a stable French ministry failed to materialize when the radical-republicans refused to join the Laval formation because he insisted on placing one of his ministers from Louis Briand's right wing party.

Mr. Laval took the new French cabinet to the Elysee palace this forenoon and presented them to President Doumergue. After the presentation they were sworn in and left to begin work on the ministerial declaration on which they will seek a vote of confidence in the chamber of deputies.

GANDHI TO CONTINUE CIVIL DISOBEDIENCE

India Leader Announces Intention To Continue Policy of Nationalists.

By The Associated Press.
BOMBAY, India, Jan. 27.—Mahatma Gandhi served notice on Great Britain today that regardless of progress in the establishment of self government in India the active policy of the nationalist party in India will be to continue its campaign of civil disobedience, with non-payment of taxes and refusal to obey laws.

The nationalist boycott of foreign goods, which the party refused to suspend in response to a request from the British government, will continue, Gandhi said.

Gandhi raised his hands above his head and clasped them as if in benediction while some of his disciples took his frail 60-pound body on their shoulders and carried him into the house in response to repeated ovations. He was forced again and again to show himself, at each appearance begging the multitude to disperse.

Leaving the prison at Poona last night Gandhi told prison officials that he would be back within two months. On the train from Poona to Bombay passengers shouted "long live Gandhi" and "Gandhi is free."

Clad in a homespun blue cloth he brought his spinning wheel from prison. Hundreds of congress volunteers and almost the entire Bombay police force was mobilized to oversee the march from the railway station to the home of a friend, where Gandhi has decided to remain for the next few days.

Future Is Uncertain
At the house the liberated head of the Indian independence movement met members of the congress executive council and conferred with them regarding preliminary moves in the approaching constitutional negotiations which will decide whether peace is to be brought to restless India or whether it will continue.

GOVERNOR TO CONFER WITH HIGHWAY HEAD

Announces Decision on Receipt of Telegram from Bucyrus Man.

SCHABER URGES TRANSFER
Claims Harding Association Attempt to Retain Road Unjustly Presented.

Governor White today announced that he would take no action in the controversy over the proposed changes in route 30 until he had conferred with State Highway Director O. W. Merrill.

White's statement was made after the receipt this morning of a telegram from Charles E. Schaber of Bucyrus in which it was charged that the Harding Highway association's attempt to retain route 30 over its present course had not been justly submitted to the governor.

Schaber is chairman of the committee which is attempting to obtain a rerouting of route 30 from Mansfield to Delphos through Crestline, Bucyrus and Upper Sandusky over the Lincoln highway.

Asks Return of 30
Schaber in his telegram asked that the "30 markers" be returned to the Lincoln highway where they were designated by former State Highway Director Doolittle, and where former Governor Donahay and former Highway Director Schlesinger and Kirk said they should be.

The Bucyrus man's telegram followed the meeting last week in Columbus of more than 100 representatives of cities along the present route 30 from Mansfield to Delphos, including Marion, who urged the governor to recommend the retention of the present route in the face of efforts to transfer it to the Lincoln highway.

NARROW DESERT TRAILS

A number of new auto drivers in fine "store" have the old third-hand "beaters" by straps and chains, that you once saw on trails.

You are told, the reputation closing the keeping dead from money on drink.

In remote parts of the desert there is water, whisky still. Some of the customers going others carry the bootleggers.

Develops a strange sense of ownership.

SWOPE, president of the county, is here to inspect one of the bootlegging plants. He is interested in the morning paper which the Schenectady factory's strangest plant has power.

Mercury is used in the plant to produce a powerful electric power at low cost. The plant may find them in the fashion before they are put to work.

VILLAGE SHAKEN BY EXPLOSION

Unoccupied Dwelling in Lowellville, O., Is Blown to Bits by Blast.

SIXTH WITHIN ONE YEAR
Police Believe One Gang Responsible for All of Bombing Outrages.

By The Associated Press.
YOUNGSTOWN, O., Jan. 27.—The village of Lowellville, adjoining Youngstown, was shaken early today by an explosion which blew an unoccupied house to bits and damaged seven other buildings, including the Holy Rosary church and the town hall. The loss is estimated at \$15,000.

The explosion could be heard for five miles. It was the sixth blast within a year, and police believe one gang responsible for all of them. State and village officials are investigating.

The front wall of the house, which was owned by Richard Elincuz, of Struthers, was blown across the street and into the front of the Nicholas Catone residence where all the windows were broken.

LA RUE MAN NAMED TO HEAD TAX GROUP

Taxpayers' Association of Marion County Formally Organized at Meet.

Organization of the Taxpayers' Association of Marion county was completed last night at a meeting in the home of J. M. Morral of north of Marion, when Dean C. Ridgeway of LaRue was elected chairman.

A public meeting will be held in the courtroom of the courthouse here Thursday at 12:30 p. m. The purposes of the organization will be discussed in detail.

In the by-laws drawn up at the organization meeting, reduction of taxes and the promotion and protection of public welfare were listed among the purposes of the association. The members plan to aid in the regulation of public offices, both elective and appointive, so as to benefit the communities in which they serve.

Membership in the association, officers and today will be open to all persons, firms and corporations interested as taxpayers in the organizations objects.

JURY INDICTS SEVEN IN BUCKLEY SLAYING

Blanket Report Made Today in Probe of Radio Man's Death.

By The Associated Press.
DETROIT, Mich., Jan. 27.—A blanket indictment charging six men and a woman with the slaying of Jerry Buckley, radio politician, which has been investigating the killing and other crimes for five months.

Those named in the indictment were Ted Pizzino, Joseph Bonaiuto and Angelo Liverchi, who are in jail here; Pete Llavovitch, who has been sought since July 27, and two men and a woman whose names were not disclosed. They were described in the indictment as John Doe, Richard Roe and Mary Roe.

On the indictment were indorsed the names of 75 witnesses, many of whom had not previously been named in connection with the case, and some of whom are held as material witnesses.

The indictment of a woman recalled that Buckley went to the lobby of the La Salle hotel where he was shot by three men, after receiving a call from a woman who was believed by investigators to have made an appointment to meet him there.

CHINESE ACTOR OFFERS TO RETURN HOSPITALITY

By International News Service.
PEIPING, Jan. 27.—Out of gratitude for the hospitality extended him while in the United States, Mei-Lan Fang, China's premier actor, today placed his home at the disposal of Douglas Fairbanks, arriving here aboard the Belgeland on Feb. 4, enroute to Slan on a hunting expedition. Mei-Lan Fang's home is a beautiful residence in true Chinese style with spacious gardens and filled with rare objects of art.

Committees were appointed by President R. T. Lewis as follows: membership, Carl Leffler, Douglas Felt and H. N. Kauffman; publicity and ideas, Ramon S. Cram, Karl Schell, Walter Arthim and C. F. Davidson; signboard, Fred Berg, George Kleinmaler, C. A. Klunk, E. F. Stuckey, program and social, E. C. Watrous, Art Smith and J. J. Heubner; contest and stunt, Jay Vaughn, James Turfitt and Zebadiah Stort; liaison, C. A. Klunk, Charles D. Mittenbuhler, Carl Watrous and H. G. Greenfield; finances, Ralph Orbaugh, Alfred Donahen and Kenneth G. Clutter.

The club will meet again on Feb. 26, at which time the first signboard is expected to have been erected.

YOUNG BANDIT HOLDS UP BANK

Blonde Youth Invades First National at Washington C. H. at Noon Today.

FLEES WITH OVER \$1,800
Four Employees and Four Patrons in Bank; Officers Pursue Robber.

By The Associated Press.
WASHINGTON, C. H., O., Jan. 27.—A blonde youth played a lone hand in holding up the first national bank here during the lunch hour today, and escaped in an automobile after forcing J. H. Burton, the cashier, to hand over approximately \$1,800.

Burton was in the bank with three other employees and four customers when the youth entered. The cashier was in a back room interviewing two of the customers when another employee entered. When the employee entered from the room and met the bandit behind the cage, Burton handed the youth all the money from a drawer in a cage and the men backed out of the bank.

DISPUTE POSITION OF CANADIAN RUM CRAFT

Complications Arise at Arrangement of Crew of Alleged Liqueur Launch.

By The Associated Press.
NEW YORK, Jan. 27.—A dispute over the position of a Canadian rum-runner, Josephine K. when she was shelled by the coast guard Saturday night and her master fatally wounded added to the international complications today.

At the arraignment of the crew before United States Commissioner Carter yesterday, Assistant United States Attorney Robert B. Watts demanded high bail on the ground that the vessel was sighted within the 12-mile limit, in breach of the treaty between Great Britain and the United States. He was corroborated in this by Seymour Lowman, assistant secretary of the treasury.

In contradiction Louis Halle, the crew's attorney, said: "The acts complained of were not within the treaty limit. These men are guilty of no crime. And there is no master on this vessel—he has already put up the highest bail."

Commissioner Carter held 21 prisoners, crews of the Josephine K. the crew Brooklyn and the tug Dunstable 6—all of which were captured, in ball ranging from \$7,500 to \$500 each. Hearing was set for Feb. 10. The charge was conspiracy to smuggle liquor in violation of the prohibition and custom laws.

SLAYS YOUNG WIFE

Husband Explains Did Not Want Her to Have Children.

By The Associated Press.
TERRACE HAUKE, Ind., Jan. 27.—Lawrence Johnson, 27, struck and killed his 15-year-old wife, Mildred, an expectant mother, with an axe last night, and then sat quietly talking to other members of the family until the slaying was discovered and police arrived to take him in custody.

The body was discovered by Mrs. Anna Watts, mother of the girl, some time after the attack occurred.

Police said Johnson told them he killed his wife because he did not want her to have any children.

SIMPSON BEATEN

Former Ohio State Sprinter Loses in Australian Race.

By The Associated Press.
WELLINGTON, New Zealand, Jan. 27.—George Simpson, Ohio State university sprinter who is making a tour of the antipodes, was noosed out in the finals of both the 100 and 220 yard dashes in a track meet at Masterton.

Simpson won his heats in both races in good time, the hundred in nine and four-fifths, and the 220 in 22 seconds, but lost to Jenkins, local runner, in the finals. Jenkins ran the 220 in 21 and 4-5 seconds to win.

Experts were inclined to treat Simpson's reverses lightly, pointing out he had not had time in which to become acclimated and was below his best form.

STOCK SHARES EASE LOWER

Uncertain in Period of
Quarterly Dividend
Declarations.

The Associated Press.
ST. LOUIS, Jan. 27.—The share
market lost its courage to-
day, and again turned
down, as the quarterly
earnings statements
divided declarations.
The market eased off right af-
ternoon, rallied under lead-
ing merchandising shares,
but again turned down
with the announcement
that the Studebaker
common stock would be
issued after the 28th of
January. The market
was supported, listed
shares were sluggish with
movement of more than
a few offerings.
The Studebaker an-
nouncement from \$3 to \$1.25
and from \$5 to \$3 earlier
in the day. The aggregate
of Wall Street estimates of
Studebaker's earnings for
the quarter generally
around 70 cents a
share, about 30 cents in
credit from the tax
on actual operating
earnings only about 40 cents.
The earnings statements ap-
pear to show a few
of the downward trend
of the aggregate for
the year to report, however,
the profit of 32.4 per cent from
1928 to 1929.

Tomatoes now furnished Marion
grocers by hothouse growers
around Cleveland and other cities
will be on the market until the lo-
cal 1931 crop is in evidence.
The price of 35 cents a pound for
tomatoes will remain effective un-
til a week or two before the local
crop arrives, naturally sending
prices lower.
Cranberries are still available
continuing at 19 to 22 cents a
pound. They will be on the market
another three or four weeks. Little
demand is being made for them
now.

WHEAT VALUES SHOW GAINS

Drouth Reports from Illinois
Are Factor in Boosting
Prices.

CHICAGO, Jan. 27.—With ex-
cessively dry weather in domestic
winter wheat territory, a factor
grains advanced today after an
irregular start. At some Illinois
points, drouth was reported mak-
ing more wells empty than during
any time last summer. Opening at
cent off to 1/2 up. Wheat afterward
showed increased gains. Corn
started unchanged to 1/2 down, and
subsequently rose all around.
Word that central Illinois creeks
and springs never known to have
gone dry had failed had a bullish
influence over both wheat and
corn. Friends of higher prices laid
stress also on senate action look-
ing to emergency relief use of 20,
000,000 bushels of wheat owned by
the grain stabilization corporation.
There were indications, too, that
overnight export business in North
American wheat was of fairly lib-
eral volume, and that Argentine
shippers were unwilling to accept
any further the low price levels
of the last week.
Corn developed strength faster
than wheat. A trade authority
said official estimates of a reduc-
tion in grain consuming units of
livestock was less than one per
cent compared with a year ago,
whereas production of feed grains
was 115 per cent less and hay
production was 16.5 per cent less.
Primary arrivals of corn were 630,
000 bushels against 734,000 a week
ago and 1,050,000 at this time last
year. Oats derived firmness from
other cereals.
Provisions tended upward with
grains.

3 Mt. Gilead Library Directors Are Elected

MT. GILEAD, Jan. 27.—Mrs. Floy
Wehring of the Sorority club, Mrs.
J. H. Kelly of the Women's Twen-
tieth Century club and Miss Eva
Gardner of the Progress club were
elected directors of the Mt. Gilead
Public Library association at the
annual meeting held at the home
of Mrs. Katherine S. McIntire.

FIRE CHIEF PRAISES LIFE SAVINGS CORPS

McFarland Points to Lack of
Drownings in 1930 as Re-
sult of Work.

Credit for keeping Marion county
free from drownings in 1930 was
given the Red Cross Life Saving
Corps last night in a talk to the
corps by Fire Chief T. J. McFar-
land.
For the first time in years,
Marion county had no drownings
last year, largely because life sav-
ing instruction in the county was
available through the Red Cross,
Chief McFarland said.
Parents were urged by Chief Mc-
Farland to teach their children to
learn to swim rather than preach
"stay away from the water."
Dr. Otis Marshall, National Red
Cross doctor, told of the first aid
classes he is conducting at the
Marion Steam Shovel Co. cafeteria
this week and next. He explained
the purpose of the course and
urged every member of the corps
to take the instructions from two
members who are attending the
classes.
Next meeting will be held Mon-
day at the Y. M. C. A. at 8 p. m.

Heidelberg Coach Speaks at Father-Son Banquet

Football Mentor Says Willingness To Cooperate Responsible for Record Made by Undefeated Team; Points to Benefit of Competitive Athletics.

Approximately 80 persons attended the annual father and son banquet of the H-Y association of Harding High school last night in the Y. M. C. A. Ted Turney, coach of the undefeated Heidelberg football team last fall was the principal speaker at the event. Turney was accompanied to the banquet by Mr. Schuchard, assistant director of athletics at Heidelberg.

Turney stressed the value of athletics in the building up of the physical bodies of young men, urging the parents to get their boys in competitive athletics. If they would have them learn the principles of perseverance and self-reliance. Using his undefeated Heidelberg eleven as an example, the speaker, pointed out that teams of high standing are not made through individual ability as much as team work. At the start of the year at Heidelberg he said, he did not have a single outstanding player around which to center an attack.

The men, he said, were willing to work hard and had a desire to cooperate. This, he believes, accounts for their splendid showing in Ohio circles. At the start of the season he had but 15 men in uniform but at the end he had 20 men available for duty.

Aside from the Turney address, several musical presentations were given by members of the club. Dick Morgan played a violin solo, Francis Fairchild a trumpet solo, Dick Myers, a piano solo and Paul Webb sang a solo.

Paul Hunt, a member of the club, welcomed the dads of the boys in a short talk at the opening of the program and Anson E. Pickrel responded with a toast to the sons. Hayes Newby, president of year at Heidelberg said, he did the H-Y was toastmaster.

ing of Odd Fellowship by Dr. Reading in his talk which he opened with a poem, "Forty Years Ago," from McGuffey's reader. "The principle of Odd Fellowship is based on mutual aid, to visit the sick and care for the widows and orphans," he stated. Kindness and sympathy are more than money in this world, the speaker said, and cited the friendship of Jonathan and David as the ideal practice in fraternalism.

Destruction of the American family and home life will be the outcome of companionate and trial marriages, Dr. Reading said, and pointed to the danger existing in the possibility of any one man owning the country. "New York thinks when she speaks, America speaks," the speaker declared in touching on the prohibition question. He cited New Jersey, Pennsylvania and Illinois as the three states being financially interested in fighting the Eighteenth amendment.

"Odd Fellowship has prospered, it has developed and has succeeded only insofar as the men have been faithful to the principles of friendship, love and truth," Dr. Reading said. "It can only be perpetuated by and with the strength and character of its personal members. It has depended in the past on its membership, and its future depends on its members."

Officers of the lodge are Clyde Tomblinson, noble grand, George Porterfield, vice grand, L. F. Baller, financial secretary, George E. Henney, recording secretary, George Hagemann, treasurer, C. G. Roelker, chaplain.

Just Right For Upset Stomach

For after-dinner distress, gas, sourness and bloating, the quick and positive neutralizing action of "Bismarck" Magnesia has proved to be just right! Relief, certain and gratifying, almost instantly follows its use and a small package of either tablets or powder, obtainable from Henny & Cooper or any good druggist, costs little and lasts for a long time. This special Bismarck form of Magnesia, for Stomach Troubles only, does not act as a laxative. —Adv.

fight against former Governor Alfred Smith to his fight against the devil, and exclaims joyously: "We have sent the saloon to hell, where it belongs. Al Smith could no more make this country wet again than he could hope to cross the Atlantic ocean on a grindstone drawn by cockroaches."

Apt comparison is Billy Sunday's strong weapon.

Former Governor Smith might reply that while New York has lost about 15,000 saloons, "sent to hell," or elsewhere, it has gained at least 60,000 speakeries, and the worst brand of whisky known to man.

BILLY SUNDAY invites the "red" communists here and elsewhere to "go back to Russia" or follow where the saloon has gone. Investigators in Los Angeles discover that "red" squadrons are drilling here, "training for revolution" and the overthrow of our government.

Those red squadrons will not be popular with the million people that own their own houses, automobiles, radio sets, electric washers, etc., in this neighborhood, and do not wish to divide anything except the unlimited opportunity, open to everybody, to get more real estate, bigger automobiles, better radio sets.

OF ALL SCIENTIFIC discoveries made accidentally, one of the strangest comes from Joliet, Ill. Dr. Weaver ordered a transfusion of "parent's" blood, in the case of a 15-year-old girl suffering from infantile paralysis.

Another doctor misunderstood him to say "parrot's" blood, and accordingly made a transfusion of blood from the heart of a living parrot. Doctors say the child is getting well. A thousand doctors will exclaim "ho-ho."

But if the injection of malarial germs into the blood stream of a parrot can check or cure paralysis, some germ in the parrot's blood, possibly even the dreaded psittacosis germ itself, might attack the germ of infantile paralysis.

Men know for certain only two things—first, that they know nothing, and second, that nothing is impossible.

SHELTON WARNS OF PENALTY ON TAXES

Books To Close Feb. 1 After Extension from Jan. 20: Collections Average High.

Taxpayers who make their settlement before the expiration of the second extension of time on Feb. 1 may avoid payment of the 10 per cent penalty. County Treasurer Bert J. Shelton said today.

Cards have been sent tardy personal property taxpayers advising them that after Jan. 20 their taxes for the full year become due and payable at once with a 10 per cent penalty added. However, with the recent extension of time to Feb. 1, taxpayers still have an opportunity to pay for only one-half of the year at this time, he said.

After the books are closed, delinquents will be charged for the full year immediately with the additional 10 per cent penalty, the county treasurer declared.

Collections yesterday sent the total to \$500,757.47, an average of \$19.990 for each of the 30 days on which collections have been made. Last year on the same date the collections totaled \$567,725.64, although this figure represented collections covering 37 days, an average of \$20.450 a day.

STOMACH UPSET

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards Olive Tablets help arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, people rarely suffer from indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Try Olive Tablets, the substitute for calomel.

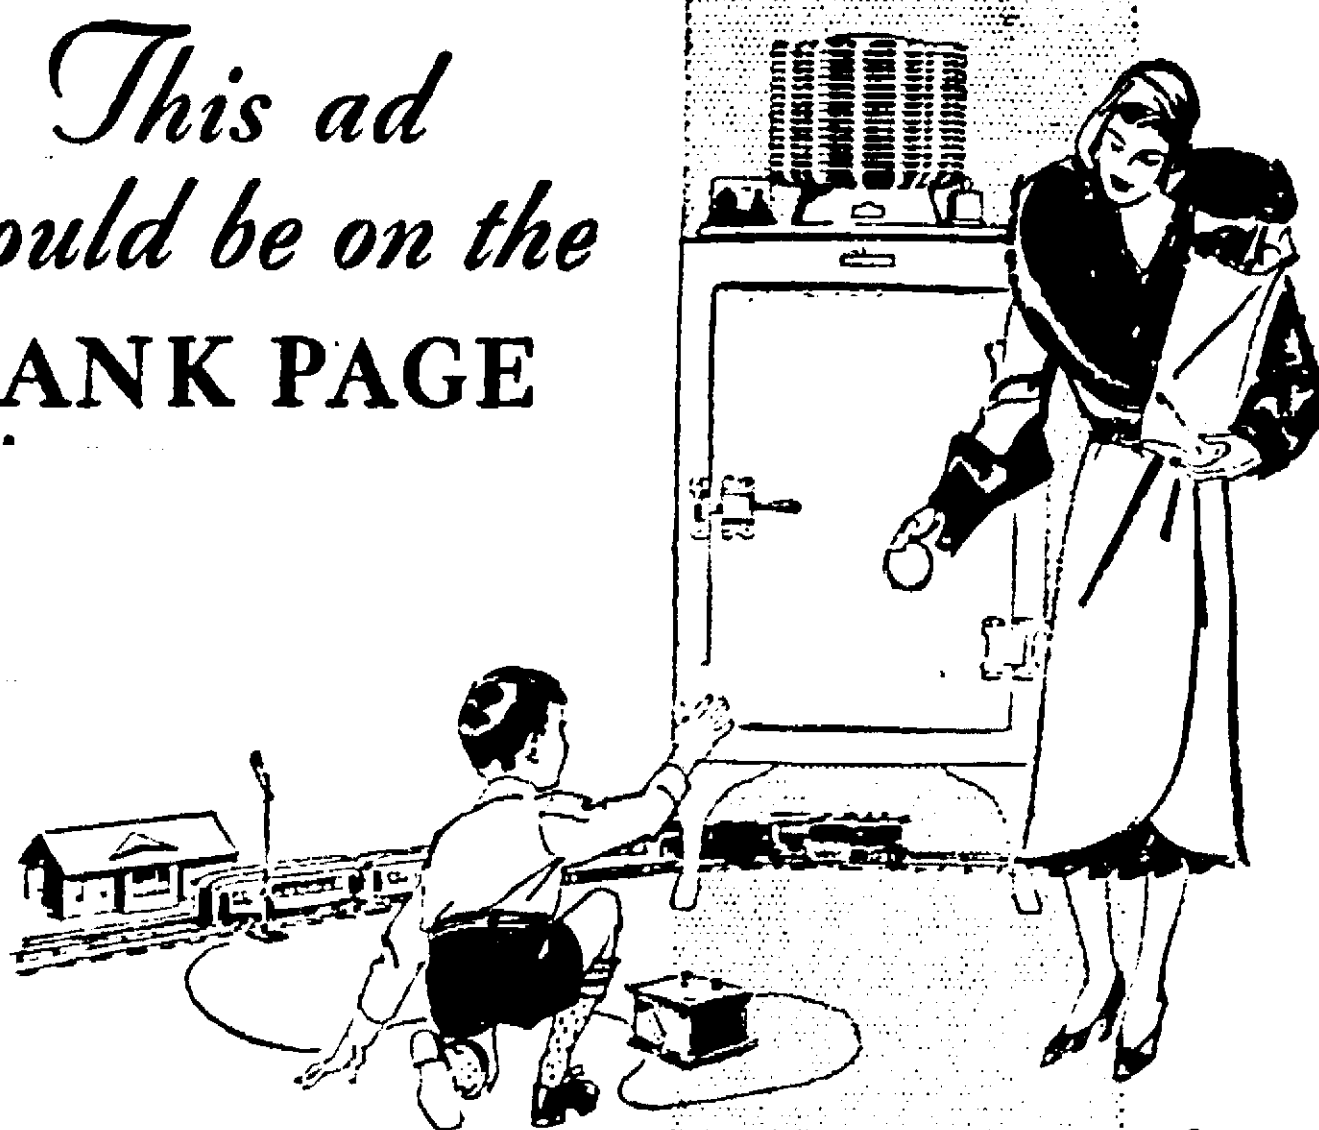

Dr. Edwards Olive Tablets are a purely vegetable compound. Let down their bile olive color. They do the work without griping, cramps or pain. All druggists, 15c, 30c and 60c. Take one or two at bedtime for quick relief. Eat what you like.—Adv.

TOWNSHIP TRUSTEES TO ATTEND MEETING

Annual Session of State Association To Be Held in Columbus This Week.

Walter Williams, president of the Marion County Township Trustees association, will lead a delegation to the annual state convention of the State Association of Township Trustees to be held Thursday and Friday in the Neil House, Columbus.

County Surveyor Cecil R. Leavens also will be in the Marion county group.

Governor George White, Attorney General Gilbert Bellman, Sec-

retary of State Clarence J. Brown, Lieutenant Governor William Dickel and Auditor Joseph T. Tracy will be among the state officials who will speak before the group.

Tax problems confronting the present legislature will be discussed by John S. Edwards of the state tax commission.

RECOVER AUTO

Deputy Sheriffs Find Car Stolen From Marysville Man.

An Essex coach belonging to George DeBolt of Marysville was recovered by Deputy Sheriffs Chester A. Cogrove and Millard Baldwin on the Kenton road last night. It had been stolen from West Center street Saturday night. The machine was not damaged.

except that it had been dented in the left shoulder of the road.

The sheriff's office today was continuing its attempt to find the owner of a wrecked Chrysler coupe which was found in a ditch on the Upper Sandusky road two miles north of Marion Saturday night. The car apparently had been abandoned by the driver.

Inquiry has been made to the state commissioner of motor vehicles to determine to whom the license had been issued.

THEATER NEWS AND REVIEWS

"NAUGHTY FLIRT" PLAYS OHIO THEATER ON TWO-DAY STAND

Alice White Is Lead in Society Picture To Show Here.

BY HALLIE HOUCK
A wild impulsive flapper must be this "Naughty Flirt" coming to the Ohio Wednesday and Thursday. Alice White is the flirt and our favorite Myrna Loy, is a social butterfly, bankrupt and unscrupulous. Myrna Loy is our best candidate for a bankrupt and unscrupulous woman who's out for big money.

Robert Agnew our juvenile "crash" of silent picture days, is talking to his audiences in this picture. He used to be the juvenile lead with Alice Joyce, Billie Burke, Norma Talmadge, Pola Negri and Gloria Swanson.

Paul Sage and Douglas Gilmore are the two other "playboys" of the show.

Get an accurate description of the interior of a New York City police wagon, write for a 1930 New York automobile license, find out what ceremony a New York judge reads in performing the marriage service and look up the correct form for an engraved invitation to an exclusive country club dance, were the requests made of the

ALICE WHITE
head of the research department of the studio filming "Naughty Flirt."

This information was needed for the scenarist and Eddie Cline, the director, so that every detail of the film could be made accurate. The studio research department is maintained for the purpose of looking up odds and ends of in-

formation to be used in the preparation of pictures.

MIMES HAVE PLENTY OF USES FOR MONEY

Just a little column to clear up the matter of money made by the Marion Mimes on "East Lynne," the play staged so successfully last week.

A few rumors have been broadcast that the members of the cast shared the receipts. Far from it. The only thing they got out of the show was the kick in putting it over, the thrill of an audience's applause, and the sandwiches and coffee the play reading and casting committee served after the show Thursday night.

The Mimes will clear about \$125 on their show. That's after the expenses of renting a wig, whiskers, a suit, a dress and cravats and paying for drayage of all the stage properties have been paid.

The Mimes will put this money into putting on bigger and better plays, to be used in buying drapes for the stage, odds and ends of furniture that can be picked up at bargain and stored for future productions, renting suitable costumes for any plays of this type to be done later, and in general, buying the things that add the last touch to a finished production.

All the Mimes of "East Lynne" earned was black circles under their eyes from lack of sleep.

ACID after meals

GET RID of your dread of pain after eating. Eat without fear of "indigestion," sour stomach, disagreeable gas or headaches.

When your food ferments, "dis-agrees," lies like a lump in your stomach, it's a sign of too much acid. You need not resort to crude methods—take instead an anti-acid that will correct the condition Phillips' Milk of Magnesia.

A spoonful of this pleasant-tasting, soothing fluid neutralizes many times its volume in acid. It restores the proper alkaline balance

to an acid-soaked stomach. Its bowels—assists these organs function as they should.

Phillips' Milk of Magnesia what you need when a bad breath coated tongue, headaches, nausea or biliousness indicates an acid condition. Take a spoonful day and for several days and how it sweetens the system. You won't be nearly so liable to cold or sickness. All drugstores—in and 50c bottles.

Genuine Milk of Magnesia always a liquid—never a tablet. Look for the name Phillips on bottle.—Adv.

Here's the Way to Treat Those Miserable Colds So Prevalent Here Now

WITH scattered cases of flu breaking out in this locality, don't take chances with colds NOW—it's too dangerous! Unless checked quickly, colds tend to pull down the body resistance and may pave the way for an attack of flu with all its serious complications.

- 1 At the first sign of stuffiness or irritation in the nose or throat, sniff some Vicks VapoRub up the nose several times a day. This will often check a cold at the start.
- 2 If the head is all "stuffed up"—clogged with mucus or phlegm—or there is much coughing, melt a teaspoonful of Vicks in a bowl or kettle of hot water and inhale the steaming vapors for five minutes at a time. This treatment has a remarkable effect in clearing the air passages, easing the breathing, soothing the irritation, relieving the cough, and helps to prevent the cold from spreading.
- 3 At bedtime, in order to get the benefit of its long-continued stimulation and inhalation effect, rub Vicks vigorously over the throat and chest and cover with warm flannel.
- 4 If possible, stay at home until the cold is broken. Complete rest helps the body to throw off the cold more quickly.

Mother!—treat children's colds promptly, but avoid "dosing." Too much internal medicine often upsets the child's digestion and lowers the vitality. Being applied externally, Vicks does not upset the stomach, and can be used freely and as often as needed without the slightest harmful effect.

Fire Chief Urges New East Side Department

McFarland Points to Need of Additional Station in Annual Report; Says Alarm System Should Be Improved; Lists Activities of City Force.

In his recommendation that there is urgent need of a new fire station in Marion located at the east end of the city, Chief T. J. McFarland today made a complete report of activities of the fire department during 1930. The need of an additional east side station which would have covered 49 calls to fires which did damage east of Greenwood street and which would also assist in the handling of uptown fires was pointed out by Chief McFarland to be

and would give Marion an up-to-date fire alarm system. Two of the motor trucks used in the department are 18 years old and are in need of extensive repairs, Chief McFarland said.

Fires did exactly \$141,294.88 damage in Marion last year, the report shows. The total number of calls was 287, an increase of 16 over 1929. The 1930 loss was far above the 1929 figure of \$25,411.55 due to two serious uptown fires which accounted for \$113,816.67 of the total loss.

Various vehicles of the department traveled 2,123 miles during the year and cost \$686.55 to operate. Four new fire hydrants were installed in the city. Firemen laid 6,700 feet of hose in fighting 1930 fires.

Use Phones Most
Telephones proved to be the most popular form of communication with the fire department as phones were used to call in 227 calls against 40 sent through fire alarm boxes.

The year's fire fighting was free from serious injury to any firemen. Discipline and general health of the department was fair.

Accidents in connection with fires claimed the life of one Marion resident last year. Mrs. Sarah Courtad was fatally burned Feb. 8 when her clothing caught fire from an open gas stove.

March winds fanned the number of fires in that month to a total of 32, the highest of any month in the year. Fewest fires of any month were reported in June with 10.

On account of a money shortage,

the construction of a kitchen and dining room at No. 3 station on Mark street was the only improvement made in the department during the year. This addition cost \$400 and was paid with money borrowed on bonds.

Chief McFarland's report shows the total property of the fire department to be worth \$106,824.

The Stars Say—

For Wednesday, Jan. 28

THE general trend of affairs on this day, according to planetary influence, may be routine or slowly moving in accustomed grooves. However, there may be minor worries and complications, with some unforeseen change or journey accompanied, possibly, by disturbing expenditure or loss of money in small amount. There is a sign warning against any kind of carelessness or laxity in the signing of papers or making legal documents. There is a menace of fraud or misunderstanding.

Those whose birthday it is may not expect a very lively or important year. Matters may move along in accustomed grooves, excepting for some small change. There may be trivial annoyances regarding funds and there is hint to deception or fraud in connection with writings or legal papers, in which there should be every safeguard against loss. A child born on this day may be inclined to be restless and variable, extravagant and possibly visionary or given to expediency rather than stability of purpose.

Thousands Honor Slain Sheriff at Funeral in Bucyr

FULL MILITARY SERVICE HELD

Commissioners Consider 18 Applications for Davenport's Successor.

BUCYRUS, Jan. 27.—Thousands of persons, several hundred of them war veterans from many Ohio cities, yesterday attended the funeral services for Sheriff George Davenport, slain at Crestline last Friday night when he attempted to arrest three negroes on chicken theft charges.

The funeral services were held at the English Lutheran church in charge of Rev. Roy S. Bowers assisted by Capt. Herbert H. Parkinson, chaplain of the 134th Field Artillery, and Chaplain Harry McClain of the Soldiers' home at Sandusky.

Thousands passed before the casket in the church following the services.

Led by the 134th Field Artillery band playing a military dirge, the procession included the local service battery of the 134th Field Artillery, visiting army officers representatives of Batteries A of Columbus, B of Portsmouth, C of Zanesville, D of Mansfield, E of Athens, F of Coshocton, First Battalion Headquarters company of Portsmouth, Second Battalion Headquarters company of Gallon and Headquarters company of Columbus. More than 500 members of the American Legion posts from Bucyrus, Gallon, Crestline, Upper Sandusky, Cardington and Mt. Gilead followed by a line of automobiles carrying mourning friends brought up the rear of the procession which was three blocks long.

Flanked by active and honorary pallbearers, the flag-draped casket was carried to its last resting place on a caisson drawn by four white horses. Captain Davenport's horse, Billy, bearing an empty

saddle in the stirrups of which hung the dead man's boots and on which was fastened his knapsack and sword, followed closely behind.

The procession made its way to Oakwood cemetery through a path-way of parked automobiles. Cars lined the streets from the church to the cemetery, a distance of nine blocks.

Ritualistic services were conducted by the American Legion led by Chaplain McClain at the grave and taps and a firing squad last salute closed the service for a well loved citizen, soldier and friend.

County commissioners today were to meet to appoint a successor to Davenport. Eighteen applications for the position have been filed with the board. Three petitions bearing 86 names of Crestline residents, asking that Chief Deputy Arthur Stuckert be appointed, were filed with the commissioners late yesterday.

First degree murder indictments are to be asked against Walter and Blanton Ralls at a special grand jury session Thursday. Their brother, Elijah, was killed by a detective when he attempted to escape from the courthouse.

BANCROFT TALKS

Urban Man Addresses Brotherhood Meeting at Gallon.

GALLON, Jan. 27.—E. W. Bancroft of Urbana was the speaker Monday night at the Men's Brotherhood meeting of the First M. E. church. Brotherhood delegations from Bucyrus and Crestline were guests. Other honorary guests included E. N. Dietrich, superintendent of the Bucyrus city schools, who is also president of the Crawford County Brotherhood; and Rev. Foster C. Anderson of Delaware, district superintendent of the Mansfield District of the Brotherhood.

At 7 a banquet was served in the church basement. The local Rotary club were also guests of the dinner.

The first of a series of family nights was held Monday night by the local Moose and the Women's chapter. Mr. and Mrs. L. Hall, whose marriage was a recent event were given a telling and were presented with a gift by the lodge.

HARDING DIRECTORS REELECTED AT MEET

Hotel Shows Profit for Year Despite Loss in Revenue, Report Shows.

All directors of the New Hotel Co. were reelected yesterday at the annual stockholders' meeting held at the hotel.

The directors are C. B. King, Frank Huber, Ray R. King, John Caulfield, George Frank, Millard Hunt, C. D. Mittenbuhler and E. H. Kisor.

They will meet in February to elect officers. It was announced after the meeting.

Stockholders present represented 551 shares while 1,384 1/2 shares were represented by proxy.

A report of the treasurer showed the company to be in sound financial condition, a profit having been recorded although there was a decrease in gross revenue. The latter, however, was met with a reduction in expenses with no impairment of service, it was reported. The efficient management of the concern more than kept pace with the decreased revenue, it was said.

The training of "lay instructors" to conduct first aid classes in Marion factories and other groups were the knowledge of first aid is essential is the object of the first aid course.

What to do in the few moments between the time an accident happens and the time a doctor arrives, as well as what not to do, is taught in these classes.

Dr. Marshall pointed to a number of actual happenings in which the knowledge of first aid would have saved a life, but where ignorance resulted in a death. In South Carolina, a doctor arrived too late to save a man who sustained a severe cut on the back of his neck from a falling window pane. Had the man's wife, who witnessed the accident, known the rudiments of first aid, the man's life could have been saved, Dr. Marshall pointed out.

Cases where scouts and others have saved persons from drowning by applying artificial respiration treatment are common.

Dr. Marshall labeled as "committing" first aid the misuse of effort resulting from ignorance of what to do after a serious accident. An example of this, he said, is the application of hot water to frozen ears or fingers, a practice that often results in mortification.

GEORGE DAY NAMED MARION CLUB HEAD

Officers for 1931 Are Elected by Board of Directors at Meeting.

George Day was elected president of the Marion club for the coming year at the annual meeting of directors held Saturday.

He succeeds Roscoe Metzger as the head of the organization. Other officers are Wilbur Symes, vice president; Wallace Thompson, treasurer, and E. W. Wood, secretary.

The officers were chosen following the reelection of members of the board of directors who are Day, Symes, Thompson, J. H. Walters, E. J. Schoenlaub, L. C. Stang and Frank Knapp.

The new president appointed Stang as chairman of the house committee. Schoenlaub as chairman of the membership committee, and Knapp as chairman of the entertainment committee. Other committee chairmen are to be named later.

A broadening of the club's activities and an increase in membership are on the organization's program for the year.

New Medicine Drives Rheumatic
Poisons from Joints
and Muscles

EASES PAIN FIRST DAY

Poisons in the blood settling in the joints and muscles cause rheumatism. You cannot get rid of rheumatism until you have driven out these dangerous poisons. That's why experts recommend and pain-killing drugs only give temporary relief.

What you need is RU-M-A, the new medicine that acts directly on the liver, stomach and blood, and expels through the natural channels of elimination the dangerous poisons that cause rheumatic misery.

No long waiting for your suffering to stop. RU-M-A eases pain the first day and is the one rheumatism remedy guaranteed to free muscles and joints from all painful stiffness, swelling and lameness. RU-M-A has so much confidence in RU-M-A that they want every rheumatic in town to try it and guarantee money-back if it does not end rheumatism. Adv.

Judge Fails to See Economy of Remodeled Tags

AN attempt to convert 1930 automobile license plates into 1931 series by the use of some paint and a hammer came to grief yesterday when police arrested the driver of the automobile on which they were used.

Use of the remodeled plates on the car driven by Orwin Newell proved to be costly economy for him.

A sharp-eyed patrolman questioned the integrity of the remodeled plates on Newell's Model T Ford to uncover the ruse.

From a distance of 25 feet, the plates appeared genuine, and could not be told from the 1931 series. Closer examination revealed the "0" in 1930, had been pounded out, and a "1" substituted in its place.

THE entire plate had been repainted to correspond with the 1931 colors of black numerals on a gray background.

Police charge Newell with operating his automobile under 1930 plates. He was fined \$25 in municipal court when he pleaded guilty to the charge.

With the \$25 fine and \$6.10 costs assessed him on charge, Newell could have out-fitted his automobile with plates for seven years and had \$1.35 to spare.

DANDRUFF

A Sure Way to End It

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid erion from any drug store. This is all you will need, apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. Adv.

PARTIES MAY CLASH ON TAX COMMITTEE

Ohio Senate Minority Group
Attacks Proposal of Ma-
jority Organization.

By The Associated Press.
COLUMBUS, O., Jan. 27.—The line of demarcation between the Republican majority and the Democratic minority of the legislature over tax legislation is expected to be distinctly drawn today when the senate taxation committee makes its recommendations on a committee to draft bills in compliance with the classification tax amendment.

Two resolutions, one by the majority of the committee and one by the minority, will be presented for the senate's consideration. The fight is expected to start on the question of substituting the minority report for that of the majority.

Democrats charge the majority recommendation for a joint legislative committee of six members with an additional three to be appointed by the governor from outside the legislature to be an attempt to embarrass the executive and make him jointly responsible with the Republicans for any new tax laws that may be enacted. The governor has stated that he will not participate in appointing the committee.

The minority recommendations for the committee are four members to be named, one each by the majority and minority leaders of each house, one by the lieutenant governor as president of the senate and two by the speaker of the house. All would be outsiders.

CHILD DIES

George Tyler, 7, Chained by Death
at Home

George Tyler, 7, colored, son of Mr. and Mrs. Hilary Tyler of North State street, died of tuberculosis yesterday at 8:30 p. m. at his home. The child was a pupil in the first grade at the North Main street school until he was taken ill three months ago.

He was born Jan. 10, 1924, in Chicago, to Hilary and Evelyn Tyler. Two sisters and a brother, Evelyn, Della and Lloyd, survive him with the parents.

Funeral services will be held Thursday at 1:30 p. m. at the Mt. Zion Baptist church, with Rev. J. C. Yerber, pastor, in charge. Burial will be made in Marion cemetery. The body will be removed from the C. E. Curtis mortuary on East Center street tonight at 7 and may be viewed at the home after that hour.

EX-KAISER 72

By The Associated Press.
DOORN, Holland, Jan. 27.—His once imperial majesty, William Hohenzollern, (pictured above in wood-chopper attire) today celebrated his seventy-second birthday quietly at Doorn house in the Dutch village of his exile.

Many messages of congratulation came from Germany and a number from American friends. Here, where the former kaiser lives like a country squire, he worked as usual in his rosearium digging and chopping wood like one of his Dutch laborers. His daily constitutional through the village was part of his birthday routine. Most of his family were present except Prince Oscar, who has been operated upon and is recuperating in a Berlin hospital.

CRISSINGER FACES AUTO THEFT CHARGE

Bound to Grand Jury from
Municipal Court on \$1,000
Bond.

Harold Crissinger, who several weeks ago drove an allegedly stolen automobile into a C. D. & M. Electric Co. freight car on Davis street, narrowly escaping with his life, today faces the grand jury on a charge of automobile stealing.

Practically recovered from his injuries in the accident, Crissinger yesterday was taken from City hospital to the county jail where he was held until arraignment in municipal court this morning.

He pleaded guilty to the charge and waived the preliminary examination. Judge William R. Martin placed him under \$1,000 bond and bound him to the grand jury. At noon today he had not furnished bond.

From Rome comes announcement that Italy
is ready to renew her sea truce with France
for a relatively long time. Maybe such is the

diplo-mats have done to word peace is simply
a caution.

Kansas farmers are selling their eggs at

Former President Coolidge doesn't like the

The daughter of the late Lillian Russell is
seeking to break the will of Alexander P.

the late diplomat's \$720,000 estate. It would
be interesting to know whether Mr. Moore
had knowledge of the magazine story written
by the daughter, which was published in a
tabloid, at the time the will was drawn.

Senator Copeland, of New York, has intro-
duced a bill to remove restrictions on the dis-
tribution of medicinal liquor which abolishes
not only the restriction on the amount, but
also the requirement that the ailment for
which the prescription is given be stated. "The
bill, if enacted into law, ultimately should work
relief to the fellows who need something for
their stomachs," says.

Gutted by Fire, Mayflower Sinks.

With its hull scarred and blackened, its
presidential suite, its chief guest rooms and
its officers' quarters charred and ruined, the
long-time presidential yacht, Mayflower, sank
at its pier in the Philadelphia navy yard, Sat-
urday night, under the weight of the water
poured into it, and today rests, with main deck
awash, upon the bed of the Delaware river.

The yacht was being recon-ditioned as a gun-
boat for use as the flagship of the special ser-
vice squadron in Central American waters.
Whether it will be worth the while to recon-
struct the interior for future use remains for
the naval experts to decide when the vessel is
raised.

There can be little question of the wisdom
of President Hoover in discarding the May-
flower in 1929 as a presidential yacht and
ordering it decommissioned, for as a presiden-
tial yacht it was just about everything it
should not have been. Built on the Clyde in
1896 as a private yacht for Ogden Goelet, of
New York, it probably was considered some-
thing of a craft at that time, but that was
thirty-five years ago, and many changes have
been worked in shipping during the last thirty-
five years. As a yacht, it was slow, rolled
badly and was expensive of operation. Its
rooms, aside from the presidential suite and
the chief two guest rooms, were abominably
arranged, and its fittings were the British of
thirty-five years ago and awful.

But despite all these material physical fail-
ings, the Mayflower was, or is—whichever the
experts may determine—rich in historic in-
terest. Acquired by the government in 1898, it
did service in Cuban waters during the Span-
ish-American war as a gunboat. Following that
war it was utilized for special service in
Porto Rican waters. Taken over as a presi-
dential yacht in 1902 by President Roosevelt,
it was later used as such by Presidents Taft,
Wilson, Harding and Coolidge. It was used
by Admiral Dewey as a flagship, however, in
1904 in Caribbean waters, but returned to use
as a presidential yacht in 1905, when, the dele-
gates to the Russo-Japanese peace conference
at Portsmouth, having arrived at our eastern
seaboard, it was utilized to carry them to
that Massachusetts seaport. In addition to the
presidents and these dignitaries from
Russia and Japan, many notables of both the
Old world and the New have been entertained
aboard the vessel, and the historic interest
attained from all these associations should
have estopped all thought of offering it for
sale—an offer which did not draw a bid
worthy of consideration.

Had we, as a people, the appreciation of
things of historic interest such as some peoples
possess, the thought of recon-ditioning the May-
flower for use as a naval vessel would never
have obtained. It would have been preserved,
as used by our presidents and Admiral Dewey,
for its historic associations.

More Than \$3,000,000,000.

From Washington comes the announcement
of President Hoover's emergency committee
for unemployment that construction work on
public and semi-public projects involving an
expenditure of over \$3,000,000,000 has reached
the stage where it is hoped that building op-
erations will be begun during the present year.

Report has been made to Chairman Arthur
Woods by Frank T. Miller, head of the com-
mittee's public works section, that construc-
tion work on public buildings and public works
projects which will involve an expenditure of
\$1,221,200,000 await only the completion of
plans and the letting of contracts to be under-
taken, and that additional works which will
entail a total expenditure of \$1,831,800,000 are
in the preliminary stages.

"A total of \$3,053,000,000 of anticipated con-
struction has been reported to the public
works section in the last two months," Mr.
Miller stated in his report. "Of this amount
approximately one billion dollars' worth has
been reported in the last four weeks. Forty
per cent of the amount reported has progressed
to a point where construction can shortly be-
gin. Funds are available, sites have been ob-
tained, and plans and specifications are now
being drawn."

"These figures," Mr. Miller explained, "are
not estimates, but are totals of separate
projects individually reported to the public
works section." These individual reports, he
stated, have been received through members
of the architectural and engineering profes-
sions in important cities throughout the
country, and by other individuals with whom
the public works section has had contact.
Every job so reported is followed up by the
public works representative with a view to
accelerating actual construction wherever pos-
sible.

What may be considered a very fortunate
phase of the situation is that only about one-
eighth of the total of all the public works
projects are for federal building construction.
This is rightly deemed fortunate for the rea-
son that while other lines of construction may
be hastened, the acceleration of government
projects is always difficult owing to the in-
evitable delay due to governmental red tape.

In this connection, it is worth noting that
there is a bill in congress—the Koyes-Elliott
bill—for the modernization of federal building
procedure. Should the bill be enacted into a
law, it would simplify the acquisition of sites
for government buildings and facilitate the
employment of outside engineering talent. The
present mode of procedure serves the purpose
under ordinary conditions, but when the vol-
ume of contemplated construction is such as it
is at present, the architectural and engineering
experts of the government are naturally
swamped with work.

However, if the general trend of prophecy,
based on observation and study, may be
credited, the country is so surely on the way
to recovery that there may be no occasion to
utilize the provisions of such a law, should
such a law be passed.

The League of Nations council has fixed
February 2, 1932, for the opening of the world
arms parity, which means that the next great
struggle for national advantage is but fifty-
three weeks away.

Dr. Nicholas Murray Butler is quoted as
saying that "today anything can be a univer-
sity that so aspires, and many do so aspire."
Something tells us that our great educators

The jail in Brookfield, Missouri, having
been empty for months, it has been turned
over as a lodging place for the destitute un-
employed who have been sleeping in box cars
and barns. If it has accomplished nothing
else, the business recession has developed that
there is at least one town in the country which
is not suffering from the reign of crime.

Despite the fact that that jury over in Erie,
Pennsylvania, gave Colonel Zack Miller, of the
101 Ranch show, a verdict of \$90,000 against
Tom Mix for breach of contract, we are in-
clined to agree with Tom that he never dam-
aged the colonel to that extent.

The senate has voted, thirty-nine to twenty-
nine, to take up the Howell bill to strengthen
enforcement in the national capital and make
the city a model for testing the enforceability
of the eighteenth amendment. The senators
probably figure that if prohibition can be en-
forced in Washington it can be enforced any-
where.

"For the last few decades," says Ralph W.
Soeteman, "mechanical invention has been
equipping society with a Lincoln engine while
moral counsels have been installing only a
Ford set of brakes." Henry will be justified
in placing this one in that museum.

The citizens of Lubbock, Texas, have been
asked to observe a fast day that the money
thus saved may be applied to the purchase of
food for the poor. It's not our affair, but
isn't a plan such as this at variance with that
to bring economic conditions back to normal?

London has given factory owners five years'
grace for the equipment of their plants for
the elimination of the smoke nuisance, per-
mitting them to show black smoke three min-
utes in every thirty while firing. Five years
more and the manner of getting rid of Lon-
don's accumulation of soot will be simplified.
Property owners will be able to shovel it off
their buildings.

There were but 3,871 grade crossing acci-
dents in the United States during the first
ten months of 1930, a decrease of 846 from
the record for the corresponding period in 1929.
Beating the train to the crossing seems to be
losing appeal as a great outdoor sport.

An Oklahoma court ordered a producing
company to take back, in lieu of the \$6,500 for
which it sued, 469 cases of grape concentrate
sold to a Muskogee grocer for jelly-making
purposes, the grocer having claimed that in-
stead of making jelly it would make whoopee.
Considering the purpose for which the stuff
is ordinarily sold, it strikes us that the court's
order offers fine possibilities as an advertise-
ment.

MR. FARRELL'S CHEERFUL MESSAGE.

There was nothing rhetorical or vague in the
address of James A. Farrell, president of the
United States Steel corporation, at the con-
vention of the National Cannery associa-
tion in Chicago. He indulged in no gratui-
tously optimistic forecasts. He appealed to
facts and figures in support of his belief that
this country reached the bottom of the busi-
ness depression about a month ago, and since
then has been slowly advancing toward nor-
mal.

Mr. Farrell did not accept the view of cer-
tain New York financiers that reduction of
tariff schedules and downward revision of the
funding settlements of war debts due us from
European nations were among the conditions
precedent to nationwide economic recovery.
He was of the opinion that concentration of
constructive activities in this country, main-
taining the present wage standards and stimu-
lation of effective consumer demand would
aid materially in the restoration of sound
prosperity.

With the idea that wage readjustments—
by which is meant reductions of existing
scales—are desirable because they would en-
able American manufacturers to increase
their foreign trade, Mr. Farrell has not the
slightest sympathy. General wage reductions,
he is convinced, would set back the impending
recovery by at least two years. The reason is
plain. Sales of some commodities abroad
might be increased for a time, but foreign
competitors of American producers, including
the many foreign plants of American corpo-
rations, would hasten to take steps of their own,
and those steps would deprive business instead
of helping it. Moreover, reduced wages would
curtail the purchasing power of American
workers. Thus the alleged remedy would ag-
gravate the disease.

Mr. Farrell's advice to producers and con-
sumers alike is to look forward instead of
backward, exhibit moral courage, utilize the
great purchasing power which the American
people unquestionably possess and refrain from
practicing too rigorous economy either in buy-
ing or in producing goods. Whatever helps
one great industrial and commercial nation
to recover from a severe recession is bound
to react favorably on the rest of the world.
It is not selfish, therefore, to advocate, as Mr.
Farrell does, concentration for the time-being
on American domestic problems pertaining to
credit, agriculture, production and consump-
tion.—Chicago News.

BUCCYRUS STANDS THE TEST.

Three chicken thieves and petty offenders
killed the sheriff of Crawford county. The
stage was set for violence, and there was sen-
timent for an Ohio lynching when the three
culprits were caught and confessed. One of
the three was killed when he leaped through a
window of the court house in a blind and
desperate attempt to escape. The others have
been under the menace of lynch law, but the
authorities at Bucyrus have acted vigilantly and
courteously in protecting their prisoners.
It may be gravely questioned whether the
killing of the panic-stricken window jumper
was necessary or even excusable. But the
two prisoners who did not jump are apparently
assured a fair trial. For this great credit is
due to the police authorities of Crawford
county, left leaderless by the murder of their
chief.

The murder of a sheriff not only deprives
a county of its chief law-enforcing officer, but
also throws a great and unexpected respon-
sibility on the shoulders of the subordinate offi-
cials. No murder can be more inflaming to
a community. Yet Bucyrus and Crawford
county have, on the whole, acted with admir-
able restraint. The too excitable official who
killed the maniacal prisoner lost his mental
balance in the excitement of the moment, but
everything considered the county government
has proceeded with strength, wisdom and re-
straint.

It is customary to condemn officials, espe-
cially in northern states, who fail to prevent
lynchings. It is a pleasure to commend the
government of Crawford county, which has
kept its head under extraordinarily difficult
circumstances, and has, apparently, saved the
reputation of Ohio from a deplorably disgrace-
ful smear.—Cleveland Plain Dealer.

Nature for "Sure Cures."

BY ROYAL S. COPELAND, M. D.

Nature is of common occurrence, yet it is
a condition likely to excite much concern. All
sorts of old-fashioned remedies are recom-
mended for stopping it. A "sure cure" is never
wanting.

The most foolish method recommended may
be followed by the disappearance of the
bleeding. The happy result may occur after
many other methods have been tried and the
bleeding has continued, even for a half hour.
The method applied is given credit for what
nature did in spite of human effort.

Bleeding at the nose may be caused by sev-
eral things. In order to treat it intelligently
it is quite important to determine the exact
cause. Persons who are subject to frequent
nosebleeds should not neglect to find out just
why they have it. When the cause is found
it is usually something that can be removed
easily.

In persons past forty-five years of age high
blood pressure is a common cause for nose-
bleed. Where it is definitely known to be due
to high blood pressure, such hemorrhages need
not cause alarm. Indeed, they may even be
welcomed as an aid in lowering the blood
pressure. Such bleeding at the nose is really
like opening a safety valve.

Bleeding may occur when the blood pressure
is very low. This is particularly true in debil-
itated persons, following long illness, perhaps,
or in anemia or certain fevers. Here the
walls of the blood vessels are so relaxed and
flabby that there is actual seepage of the
blood through the walls.

Nosebleeds may result from becoming over-
heated in the sun. It may follow scratching
the nose. This is particularly true if there
are small ulcers in the nose.

It is not at all an uncommon symptom if
there is a foreign body in the nose. Any in-
jury of this region may cause nasal bleeding.
In boxing and other sports it is sure to be
observed.

Nosebleeds occur in growing children, par-
ticularly about the age of puberty. This is
more common in the delicate, rather than in
the strong and robust child.

In certain liver, kidney and heart conditions
bleeding from the nose is common. It is
sometimes a forerunner of certain fevers, more
particularly of typhoid fever.—Copyright, 1931,

A Self-Recreating Universe.

BY ARCHIBALD HENDERSON.

The world of physical theorists is seriously
divided upon a question which has both far-
reaching philosophical and theological impli-
cations. It is a question of the most univer-
sal character, dealing with the formation, car-
rying on and possible annihilation of the uni-
verse. It is a problem something like un-
scrambling an omelet or putting "Humpty
Dumpty" together again.

Science tells us that the world we know,
certainly our own galaxy, is disintegrating.
The sun and the stars are gradually breaking
down, mass being transformed into radiant
energy which streams out throughout all
space. In any building process contemporane-
ously, simultaneously, going on, to offset the
fully demonstrated disintegrative process ob-
served on every hand?

To many philosophers, theologians and even
scientists, there is something horrible, even
diabolic, in the thought that the universe is
ultimately foredoomed to dissolution. Even
Einstein himself once said that the disintegra-
tion of the universe through radiation was re-
gretful to him.

This is particularly so in the case of all
philosophers who identify God with process,
the Creator with the created. If a deity, iden-
tified with the universe itself, possesses the at-
tribute of eternal life, this automatically dis-
poses of the notion that the material universe
will ultimately suffer a host death, and re-
solve itself into a pale glow of low power
radiation.

This, however, is not the scientific mode of
approach to the problem. The scientists seek
conclusive evidence, in the material universe
itself, that it is a sort of cosmic perpetual
motion machine.

If the sun, planets and stars under our im-
mediate observation are gradually losing
weight, mass, heat and energy, may it not be
true that a contrary process is taking place
elsewhere in the universe? As the cosmos
breaks down in one part of the universe, may
it not be building itself up in some other part?

R. A. Millikan, the American physicist, has
found within very recent years some plausible
evidence for upholding the latter view. The
cosmic rays, which come to us apparently
from the deeper recesses of inter-stellar space,
indicate that they are formed, not from the
disintegration of elements, but from the forma-
tion of one element out of another element.

The energy of the cosmic ray is precisely ten
times that of the hardest gamma ray, which
emanates from radium. This is the figure
shown by Ashton, the Cambridge physicist, for
the energy liberated from the formation of
helium out of hydrogen.

Says Millikan: "If atom formation out of
hydrogen is taking place all through space, as
it seems to be doing, it may be that the hydro-
gen also is somehow being replenished there
from the only form of energy that we know
to be all the time leaking out from the stars
to the interstellar spaces, namely, radiant en-
ergy. Here is perhaps a little of experimental
finger-pointing in the direction of a Creator
settling on the job.—Copyright, 1931, International

Where the Ages Meet.

BY TEMPLE MANNING.

Antiquity rubs shoulders with the twentieth
century in Nuremberg, ancient Bavarian city,
as it does nowhere else in central Europe.

Visualize if you can an ancient walled city
in which are to be found whirling motor car
factories, electrical plants, talking picture the-

Nuremberg is known the world over as the
toy-making center and the home of master
craftsmen. Despite the inroads of modern
commerce, the city has a wealth of old-world
charm. A month later a money order
mailed and the reply is still a treasured
bit. It reads: "Thanks but you certainly
know your money's worth."

I wonder if others notice that side-view

semblance, but full face no resemblance what-
soever. It's spooky.

RADIO NEWS AND PROGRAMS

Paul Whiteman, Orchestra in New Program

BY GILSON WRIGHT
PAUL WHITEMAN, "King of Jazz," and his world renowned orchestra, known wherever music is heard, will be presenting a new program to be broadcast from the Chicago NBC studios the first time on Tuesday.

The program will be heard every day at 8 p. m. over a national network of stations associated with the NBC.

Their guest composer is the famous composer, George Gershwin, who will tell how he happened to write "K-K-Katy," the popular of his songs.

"K-K-Katy" was written during World War and was sung by Doughboys ranking in popularity with "Over There," "Where Did You Go From Here" and "Pack Up Your Troubles." In less than a year it sold nearly two million copies.

A song that Tom McNaughton, famous when he co-starred with the MacDonalds in "The Maid," some twenty years ago, will be sung by Frank Crum, singing the Plantation broadway over an NBC network Tuesday at 8 p. m.

The Land Trio with Howard Wolf at the piano will present a new set of modern tunes during their broadcast to be heard over an NBC network Tuesday at 10:45 p. m.

The delicacy of the mignonette, the rhythmic sway of the bacchanal, are musically described in the third part of Henry Hadley's "The Flowers" suite which will be played by the Gold Room Orchestra and Gold Room Orchestra Tuesday at 6:05 p. m.

Singing old-time melodies which have passed through several generations and enacting another episode in the serial drama of home life, the Peckard Family will present the Peckard program from the NBC

Chicago's Crime Is Subject of Bill Over, N B C

FRANK J. LOESCH, prominent Chicago attorney and a member of the Wickersham Law Enforcement Commission, will be guest speaker on the Household Celebrities program Tuesday from 9 to 9:30 p. m. over an NBC network.

In addition to his post as a member of the Wickersham Commission, Loesch is president of the Chicago Crime Commission and is well fitted to discuss his subject, "Crime in Chicago."

Loesch's address will be of special interest inasmuch as the report of the Wickersham Commission only recently reached the senate. In addition to Loesch's talk a symphony orchestra, under the direction of Adolphe Dumont, will furnish a program of classical music.

An especially arranged program of songs of Rudolf Friml will be the offering Tuesday at 8:30 p. m. over WTAM. One of the most popular present-day composers, Friml has had numerous musical comedy successes credited to his name. Among the best known are "The Firefly," "Rose Marie" and "The Vagabond King."

A "romantic short" will be sung as a duet by Marie Gerard, soprano, and William Hall, tenor, during the broadcast from the Columbia Playhouse over the Columbia network Tuesday from 10:30 to 11 p. m.

The first of five marches written under the general title, "Pomp and Circumstance," by Sir Edward Elgar will open the concert under Howard Barlow Tuesday at 9:50 p. m. over the Columbia network.

BUYING MORE
BUT
SPENDING LESS

Even when money is scarce and every body is trying to stretch incomes as far as possible, A&P stores are crowded just like this.

More people are buying food in A&P stores today than ever before. Old customers are paying less for what they buy than they paid last year. And new customers are getting more for what they pay.

The ranks of A&P customers go right on growing in numbers as well as in good, because the public likes to get full value for its money.

Money goes far in A&P stores—not fast!

Quick Way to Heal Up
ERUPTIONS

Many Doctors Use It

More than a million men and women who suffered pain and embarrassment attending eruptions, rash, itch or blotches on face, neck, arms or body have discovered the doctor knows best. Nothing has been found to take the place of this compound of Sulphur and other valuable medicinal agents. It is best for Rash—Scabies—Blemishes—Chapping—Itch—Pimples—Ringworm—Itching of Eczema—Dandruff—Scalds. Get a jar of Rowles' Mentha Sulphur from a druggist and anoint the infected areas with it before going to bed. Relief from burn and itch comes almost instantly. Ugly blemishes soon disappear and the skin clears right up. Use what doctors use—Rowles' Mentha Sulphur—Adv.

Three Guest Artists Appear
On Lecture-Recital Program

THREE guest artists were presented by the Lecture-Recital club in the program last evening in the ballroom of Hotel Harding, together with two of the club members. The guests were Mrs. Bess Steenson, soprano of Chillicothe, Truitt Brown, tenor of Kenton, and Clarence Kanter, bass of Bucyrus. Mrs. E. K. Moore and Mrs. Earl N. Hart, club members, appeared as accompanist and soloist, respectively. Mr. Kanter, in a deep resonant bass, opened the program with a group of three numbers, "The Song of Hyacinth Blue," "Crean," Elliott, "On the Shore," Redlinger and "Water Boy." Following Mr. Kanter's group, Mrs. Steenson sang "The Cry of the Water," Tipton, "Sundown," Woodman, and a pastoral song from "Rosario." Truitt Brown was encoined after singing "Break O'Day," Sanderson and "The Hills of Home," Fox, and sang "Nimrod," Hamblin. Mrs. Hart sang three lovely numbers, "Down," "The Dunes in the Desert," "Rose," and "I Love Life," Mana-Zucca.

Young Wife
Happy Now

"Before my little daughter was born I took Lydia E. Pinkham's Vegetable Compound regularly. I was able to do my usual work and take pleasure in doing it. We were so happy when a wonderfully fine baby girl arrived to bless our home. I have enjoyed better health since the baby's birth than ever before. I am sure that I owe it all to your medicine and I heartily recommend it to all women who are weak or ailing."—Mrs. Chester Decker, R. R. #1, Wheatland, Indiana.

Stubborn Coughs
Ended by Recipe,
Mixed at Home

Here is the famous old recipe which millions of housewives have found to be the most dependable means of breaking up a stubborn, lingering cough and taking but a moment to prepare and costs little, but it gives real relief even for those dreaded coughs that follow severe cold epidemics.

From any drugist, get 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup or strained honey. Thus you make a full pint of better remedy than you could buy ready-made for three times the cost. It never spoils and tastes so good that even children like it.

Not only does this simple mixture soothe and heal the inflamed throat membranes with surprising ease, but also it is absorbed into the blood, and acts directly upon the bronchial tubes, thus aiding the whole system in throwing off the cough. It loosens the germs and phlegm and eases chest soreness in a way that is really astonishing.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form. Nothing known in medicine is more helpful in cases of distressing coughs, chest colds, and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Fakers have flourished in their appeal to the over-fat. Not many remain. Some of their methods were harmful, some absurd. All have perished quickly in the face of one reason is that medical science has found a great cause of excess fat. It is a lacking gland secretion which must be supplied. Doctors the world over now supply it, and excess fat in late years has been going fast.

A world-famous medical laboratory embodies this factor in Marmola prescription tablets. Not to oppose doctors, but to supply their best help in a very economical way. Thus Marmola opens the right way to millions who might otherwise go wrong. Marmola has been used for 24 years—millions of boxes of it. The use has grown and grown, while the frauds disappear by the scores. Now in every circle you can see the results. Your own friends can see them. Slender figures are the result. Marmola, in every box, gives a formula complete. It also tells you why the fat goes, why new vim appears.

If you have been enticed by fakes, if silly claims, go now and use what doctors use. Combat your fat in the right, scientific way. Gain normal figure, normal vim in Nature's way. Then tell your friends about it—they should know. Now and order a \$1 box from your druggist. Read the book, watch the good results.
